ABOUT US

Anvee Interiors Turnkey Solutions is an export company that deals with Natural and Engineered Stones as well as other flooring options. We are also involved in finishing products which include Wallcoverings, Carpet Tiles and Rubber Flooring. Our company always strives to expand its horizons and offer products that follow current and upcoming styles and trends, and are also on par with international standards. We have various ranges of products in our portfolio to ensure that we as a company fulfil all our customers' project requirements – including residential, commercial, retail, industrial.

Along with Natural Marble and Granite, Anvee also deals with Engineered Marble and Quartz- which combines the beauty of natural stone with technologically reinforced strength. Our Engineered Marble and Quartz products are supplied in both slabs and tiles formats, and are suitable for any interior or exterior applications. In addition to these items, our portfolio includes Ceramic and Porcelain tiles which integrate technological expertise with exquisite designs. Each tile is crafted using ultra- modern technology to ensure high quality.

We also provide vinyl wallcoverings that protect walls in heavy traffic areas against impacts, shocks, scratches, and stains. They are flexible and easy-to-install and help lower repair and maintenance issues. Another flooring option we offer is PVC - which is made to withstand any kind of traffic and is available in various designs and colours. PVC is also available in compact and acoustic profiles, developed to meet the end-users' sensorial, functional and environmental needs. Our rubber flooring meets the highest industry standards to provide athletic protection and enhanced performance, as well as extreme durability and reduced maintenance costs.

MARBLE

Marble is one of the oldest and most widely used materials in construction. It is an elegant natural stone with varying colors and patterns. Its composition contributes to a mirror like polish finish which truly gives it a unique look and feel. It can instantly elevate the appearance of a space, giving it a regal bearing which is hard to imitate. It's durability allows it to withstand a variety of temperatures and weather conditions making it last for a lifetime. Every single piece of marble is one of a kind and thus provides a uniqueness to the site. It's versatility allows it to be used for any surface areas from bathroom floors, kitchen countertops to wall furnishing.

GRANITE

Granite is an intrusive igneous rock which is widely distributed throughout the Earth's crust. Not only is it a strong and durable material that can last a lifetime, it is also very versatile coming in many beautiful colors and patterns. Every block of granite extracted from quarries around the world portrays a distinct appearance thereby making it unique. Granite is stain resistant making it a perfect material for kitchen countertops. It is also hypoallergenic and does not retain liquids or moisture. Overall, it adds an instant value to your site.
